

Algotherm

Algotherm draws inspiration from the ocean ecosystem and offers a spa concept that incorporates the most effective skin treatment technologies, meeting the growing demand for specialised treatments.

MARINE COSMECEUTICALS

THE QUINTESSENCE OF THE OCEANS COMBINED WITH SCIENTIFIC EXPERTISE

The oceans are at the heart of ALGOTHERM's specialised approach, providing exceptionally rich active ingredients containing nutrients, minerals, vitamins and antioxidants that are particularly beneficial and highly bioavailable to the skin.

A highly technical yet entirely natural field, Marine Cosmeceuticals represent the intersection of advanced cosmetology and pharmaceutical science, combined with the power and richness of the oceans.
